HOME SYSTEM.

New Telephone Company Will Put in a Plant.

Cumberland People Decline to Buy a Renewal of Their Franchise.

The sale of a franchise to operate a telephone system in the city of Hopkinsville was made by Mayor Henry yesterday afternoon. It was purchased by J. E. Mott, of Huntington, Ind., for \$3, Henry Stumensel being the only other bidder.

The Cumberland people declined to bid and evidently have plans not made public, as their franchise expires August 9. Mr. Mott says he is operating in connection with the Louisville Home Telephone Co., which has a plant in Louisville and is putting in one in Bowling Green. He says he will begin work within thirty days and have the plant ready for business as soon as possible. The service will be the very best. He will use the central energy system, with strictly metallic independent lines. There will be no party lines. The instruments will be of the latest make. Central will be called by taking the receiver off the hook, without ringing.

Mr. Mott further says that the franchise is all right, though the five-year clause is an objection. Upon that point, however, he is willing to trust the council of 1907 for favorable renewal.

He means business and relief is promised the people as soon as possible.

BOTH DISCHARGED.

Men Accused of Selling Liquor Only Handled Bitters.

Dr. J. W. Aldridge and Clarence Blackwell, of Clay, Webster county, were brought before Commissioner Ferguson Wednesday, charged with retailing liquor without license. The proof showed that the men only sold Yucatan bitters, a patent medicine, and they were discharged.

Goes to Indianapolis.

Mr. Lewis P. Guthrie, bookkeeper for the John Moayan Co., who has been with that firm for twelve years, has resigned his position and will on August 1 remove to Indianapolis, Ind., to accept a similar position in a leading mercantile establishment. Mr. Guthrie is a capable business man and a clever and popular gentleman and the good wishes of many friends will go with him to his new home.

Judge Paynter a Grandfather.

Greenup, Ky., July 23.—A baby girl was born this evening to Mr. and Mrs. Morton K. Yonts. Judge Thomas H. Paynter thereby becomes a grandfather.

SMALL OFFERINGS

On Local Tobacco Market This Week.

Lug Stock About Exhausted And Dealers Holding Leaf For Higher Prices.

The offerings on the local tobacco market this week were much smaller than usual, on account of the unsatisfactory prices offered for the weed.

The lug stock has been pretty well cleared up and much of the leaf is being held. The greater portion of the leaf on hand measures from 24 to 28 inches and prices at present offered for this kind are less than first cost. Dealers have decided to hold for better prices, even if they have to carry over this stock to next year and some of them are already arranging to do so.

Receipts are very light, nearly all of the crop of 1901 having been delivered. It is estimated that the total receipts will fall short about two thousand hogsheads from the calculation early in the season.

The growing crop looks fairly well, though the stand is not good. The acreage is possibly a little in excess of the average, and in some sections of the county the tobacco bids fair to be fine.

ANOTHER STORE FOR GRACEY

Mr. W. J. Hopson Will Open at Early Date.

Mr. W. J. Hopson, the well known merchant at Wallonia, has purchased the Watkins lot in the burnt district at Gracey, and will at an early date open a general merchandise store at that place. Mr. Hopson was here yesterday for the purpose of getting plans for his building. He calculates on opening up about Nov. 1 and will sell out at Wallonia and move his family to Gracey.

WENT TO BONE.

Large Needle Penetrated Arm and Operation Was Necessary.

Mr. Ewing Wood accidentally stuck a large needle in his right arm Monday night and the steel instrument broke off, leaving the point against the bone. Dr. Jackson performed an operation and succeeded in getting the needle out.

Killed His Grandmother.

Mrs. Sol. C. Vaughan, aged 64 years, was accidentally killed by her 13-year-old grandson, Vaughan Dabney, at Paducah. The boy was playing with his fobert rifle, when it was discharged, sending the ball through his grandmother's stomach.

KICKED ON HEAD.

Dr. Roussey Hurt While Operating on a Mule.

Dr. C. E. Roussey, the veterinary surgeon, was pretty badly hurt Tuesday afternoon while operating on a mule for tumor.

The animal kicked him on the head, cutting a deep gash, from which the blood flowed freely. He was also struck in the side and badly bruised. The accident happened near Dalton Bros' quarry. Dr. Roussey at once came to the city where he received surgical attention.

He is able to be out, but is still weak from the loss of blood.

VICTIM OF ACCIDENT

At Crofton July 4th Now Out of Danger.

The little daughter of Sam Cook, of Crofton, who was knocked down and badly injured by a runaway horse on the Fourth, will recover. For a few days she was in a semiconscious condition, and it was thought that she would die of her injuries, but she finally rallied, and is now out of danger.

VICTIM OF CONSUMPTION.

James Vaughn Passes Away After Long Illness.

James Vaughn, aged 10, died last Saturday at the home of his stepfather, Perry Knight, near Kelly. Consumption was the cause of his death. He had been sick for six months.

Mr. W. P. Qualls and wife and their guest, Mrs. L. W. Qualls, of Hillsboro, Texas, went to Dawson Wednesday to spend two weeks.

MISS FANNIE TORIAN.

Death in Paducah of Young Lady Who Had Many Relatives in This City.

The Paducah News-Democrat of Tuesday contained the following account of the death in that city of a former Hopkinsville young lady, who had many relatives in this city, and who was well known here, having visited here frequently:

"Miss Fannie Torian died at 8 o'clock Monday night, after a long illness of consumption, at the home of her parents, corner of Washington and Nineteenth streets.

"Miss Torian was the third daughter of Mr. and Mrs. O. T. Torian. She was about 27 years of age. Besides her mother and father, two sisters, Mrs. William Hubbard and Miss Ellen Torian, and one brother, all of this city, survive her. She was a niece of Mrs. Ellen Morrow of this city, and also a niece of Mrs. Mary Cade, who formerly lived here.

"Miss Torian was a young woman of many lovely traits of character, which endeared her to all who came in contact with her. She bore her sufferings with great patience and trust until death finally ended them as above stated. "She was a member of the Methodist church and the funeral services will be held at the family residence, conducted by Dr. G. W. Briggs, of the Broadway Methodist church."

Condition Unimproved.

The condition of Mr. W. H. Jernigan, of Pembroke, who has been sick with typhoid fever for some time, is unimproved, and it is feared that he will not recover.

Mrs. D. C. Atkinson of Clarksville is visiting friends in the city.

Hair Falls

"I tried Ayer's Hair Vigor to stop my hair from falling. One-half a bottle cured me."
J. C. Baiter, Braintree, Ill.

Ayer's Hair Vigor is certainly the most economical preparation of its kind on the market. A little of it goes a long way. It doesn't take much of it to stop falling of the hair, make the hair grow, and restore color to gray hair.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. He will give the name of your nearest express office. Address: J. C. AYER CO., Lowell, Mass.

TYPHOID FEVER

Causes Death of Oscar Maddox—Sick Two Months.

Oscar Maddox, son of Mr. J. M. Maddox, of near Julien, died Tuesday of typhoid fever, aged 14 years. He had been sick two months. The funeral was held Wednesday at the interment took place in the family burying ground.

A Cure For Summer Complaint.
Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the remedy, but to benefit little sufferers who may not be within easy access of physician. No family should be without a bottle of this medicine in the house, especially in summer-time. Lansing, Iowa, Journal. For sale by K. K. WYLY.

NEW BANK AT GUTHRIE.

Incorporated with a Capital Stock of \$150,000.

The Bank of Guthrie, with a Capital stock of \$150,000, has been incorporated. Edward Sinclair, of Russellville; D. B. Smith and D. T. Mimms, of Guthrie are the incorporators.

A Good Reputation.

"The way to gain a good reputation is to endeavor to be what you desire to appear." That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has been put out by the manufacturers has been fully up to the high standard of excellence claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by C. K. WYLY.

ALLEGED HOG THIEF

Held Over and Grand Jury Will Investigate Case.

Lewis Brandon, colored, accused of hog stealing, had his examining trial before Special City Judge Clifton Long Tuesday and was held over to the grand jury. Bond was fixed at \$100 and failing to furnish same, Brandon was sent to jail.

The Best Liniment For Strains.
Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by C. K. WYLY.

CAPTURED HERE.

Two Clarksvillians Arrested in City—Arranged Fines.

Mat Davis and Wm. Williams, both colored, who escaped from the Clarksville chain gang about two months ago, were arrested here Tuesday. They arranged by telephone for the payment of their fines and were released.

IN WEBSTER.

Brusher Addresses Large Crowds Saturday
And Adds Many More votes to His Growing Strength in Webster County.

Saturday was Brusher day in Webster county again and he addressed large crowds at Burnt Mill Dixon and Providence. He was accompanied by the Madisonville band who made music for the occasion at all three places.

At Dixon a joint debate occurred between him and Stanley and the manner in which the affair went off made many votes for Brusher. Stanley adopted his usual abusive tactics but Brusher called him at every turn. The crowd at Dixon numbered about 1000 and it was the opinion of well posted people that Brusher had won and Stanley had lost votes as the result of the day. A pretty good evidence of the strength of the two was shown by the badges worn. The Stanley men wore blue and the Brusher men wore red badges and it was not hard to see that the red badges were in the majority.

At night a large audience assembled at the school building to hear Brusher, though he was late and it was raining. The room was crowded and the audience was almost wholly for Brusher and he spoke for an hour and a half almost continuous applause.

Stanley got enough of the debate at Dixon and failed to show up at Providence. This week Brusher starts on a campaign with a 2 days trip into Henderson county where he has developed large strength. The Stanley men realize the fight that is on against him in Henderson county and are moving heaven and earth to stop the stampede to Brusher. It would have no significance if speakers were to start out the last week of the canvass to arouse the voters and get them to the polls, but for the Henderson crowd to have been out already indicates that they are afraid of something in Henderson county.—Hustler.

BAD DIGESTION

Perfect digestion is more serious and far-reaching in its effect than is generally understood. This state of health is an open gate-way to disease because germs that may be in the air we breathe at once seize such an opportunity to attack the vital organs. They slowly undermine the strength and energy, and a collapse comes—usually at a time when a strong healthy body is most needed.

PRICKLY ASH BITTERS

Is a fine regulating tonic which filters through the bowels, casting out impurities and stimulating the digestion and nourishment and strengthening every weakened part. It cleanses the blood, sharpens the appetite and creates energy. In this way it restores the system to perfect order.

For regular bowel movement, Prickly Ash Bitters is the best. It cleanses the blood, sharpens the appetite and creates energy. In this way it restores the system to perfect order.

CLOSE FINISH.

Judge Nunn Nominated by a Bare Majority.

Opposition Leaders Caught Napping By the Nunn and White Forces.

Judge T. J. Nunn was nominated for appellate court judge on the 62nd ballot, in the Paducah convention Wednesday. The convention was organized Tuesday by a combination of the forces of Cook and Robbins and the Henderson delegation. Judge Malcolm Yeaman was elected chairman, Nunn and White offering no opposition. Four secretaries were named, representing the four candidates. The committees were made up the same way, a fifth man being named by the chairman.

The credentials committee brought in two reports, the minority report recommending the seating of the White contestants from McCracken. The majority report was adopted, seating the Robbins delegates.

The temporary organization was made permanent. The resolutions were adopted. The Democrats of the First judicial circuit district in Kentucky, in convention assembled, reaffirm the platform adopted at Kansas City, and endorse that instrument in letter and spirit.

We glory in the achievements of the illustrious Democrats from Jefferson to Bryan, and in his great fight for Democratic principles, and Democratic policies, we believe that Mr. Bryan deserves the commendation of every country-loving citizen of the republic.

We heartily endorse the Democratic administration, presided over by Governor J. C. W. Beckham, and declare, with pride, it has been able, clean and wise, and should merit the commendation of every Kentuckian.

CHAS. K. WHEELER.
F. M. BAKER.
ROBT. L. SMITH.
HENRY R. LAWRENCE.
OLLIE M. JAMES.

The endorsement of Beckham's "clean" administration caused the delegates to "jess laff," but nobody interfered with the perfunctory proceedings. After nominating speeches a vote was ordered for nominations:

The first ballot resulted as follows: Nunn—Caldwell, 7; Crittenden, 8; Henderson, 15; Hopkins, 17; Livingston, 8; Union, 6; Webster, 12. Total 83.
Robbins—Fulton, 8; Graves, 24; Marshall, 7; McCracken, 15. Total 54.
Cook—Calloway, 14; Christian, 16; Lyon, 5; Trigg, 8. Total 43.
White—Ballard, 9; Carlisle, 8; Henderson, 5; Hickman, 9. Total 31.
Judge Dorsey was not voted for, his vote going to Nunn with the exception of 5 votes which were given to White.

The balloting continued Wednesday morning without material changes and was resumed after dinner. Judge White was ready and willing to throw his 26 votes to Nunn, who had 83, on account of the unseating of his delegation in McCracken county by the other candidates, but trouble arose in Hickman county and he was only able to control half of the 9 votes, not quite enough to nominate.

At the afternoon session several ballots were taken without change until on the 60th John W. Kay, White's manager, arose and moved that 40 more be taken and make it an even hundred. This was taken to mean that White was resolved to deadlock the convention all day and there was a general exodus of delegates to a nearby club house, and the weary roll-call was resumed. Among the absent delegates were the anti-Nunn delegates in Hickman county and on the 62nd ballot the remaining delegates quietly cast 6 votes for Nunn. The colonies of Ballard and Carlisle had been alternately voting for Nunn and on this ballot both did so. It attracted no attention and only the White delegates knew that White had added 23 votes to Nunn's 83 and made a nomination. Chairman Yeaman gave a startled look and glanced over the room when he was banded the vote, but

CONGRESSMAN CROWLEY

Uses Pe-ru-na in His Family For Catarrhal and Nervous Affections.

Hon. Joseph B. Crowley, Congressman from Illinois, writes from Robinson, Ill., the following praise for the great catarrhal tonic, Peru-na. Congressman Crowley says:

"After giving Peru-na a fair trial I can cheerfully recommend your remedy to anyone suffering with coughs, colds and la grippe, and all catarrhal complaints."

"Mrs. Crowley has taken a number of bottles of Peru-na on account of nervous troubles. It has proven a strong tonic and lasting cure. I can cheerfully recommend it."—J. B. CROWLEY.

No other remedy invented by man has ever received as much praise from men of high station as Peru-na. Over forty members of Congress have tried it and recommended it to suffering humanity. They use it themselves to guard against the effects of the intense strain of public life; to ward off the ill effects of the changeable climate of Washington. They keep it in their homes for family use. They recommend it to their neighbors, and they do not hesitate in public print to declare their appreciation and endorsement of this greatest of modern remedies.

It is exactly as Congressman Crowley says: "Peru-na is a swift and sure remedy for coughs, colds and la grippe and all catarrhal complaints. It is an excellent remedy in all nervous troubles. It cures fast to prove itself a powerful tonic and a lasting cure." This is what Congressman Crowley says, and this is what thousands of other people are saying all over the United States.

Congressman Jonathan Z. Linn from Taylorville, N. C., writes: "My secretary had had a case of catarrh as I ever saw, and since he has taken one bottle of Peru-na he seems like a different man."—Jonathan Z. Linn.

Congressman A. T. Goodwyn, Robinson Springs, Ala., writes: "I have now used one bottle of Peru-na and am well today."—A. T. Goodwyn.

U. S. Senator W. N. Hoar, from Laramie, N. D., writes: "I have used Peru-na as a tonic. It has greatly helped me in strength, vigor and appetite."

Congressman H. W. Ogden from Benton, La., writes: "I can conscientiously recommend your Peru-na."—H. W. Ogden.

Congressman J. W. Smith from Maryland, Ill., writes: "I have taken one bottle of Peru-na for my catarrh and I feel very much benefited."—Geo. W. Smith.

Congressman David Meeklen from Napoleon, Mo., writes: "I have used several bottles of Peru-na and feel greatly benefited thereby from my catarrh of the head."—David Meeklen.

Senator Mallory, of Pensacola, Fla., writes: "I have used your excellent remedy, Peru-na, and have recommended it both as a tonic and as a catarrh remedy."—Stephen H. Mallory.

Senator M. C. Butler, ex-Governor of South Carolina, writes: "I am much indebted to Peru-na for its pleasant and stomach trouble."—M. C. Butler.

Senator W. V. Sullivan from Oxford, Miss., writes: "I have pleasure in recommending Peru-na, and it has benefited me."—W. V. Sullivan.

Senator J. H. Johnston from Memphis, Tenn., writes: "I have entirely rid myself of a very irritating cough."—J. H. Johnston.

Congressman H. G. Worthington from Nevada, writes: "I have taken one bottle of Peru-na, and it has benefited me."—H. G. Worthington.

Congressman Howard from Ft. Payne, Ala., writes: "I have taken one bottle of Peru-na and it has benefited me."—Howard.

Congressman Willis Brewer from Haysville, Kan., writes: "I have used one bottle of Peru-na for la grippe, and it has pleased me in recommending it."—Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

State College of Kentucky.

The Agricultural and Mechanical (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Entomological, Physiological, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering and Mining Engineering, each of which extends over four years and leads to a degree. Post-graduate courses of study are also provided, leading each to master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than forty professors and instructors.

County Appointees receive tuition, room rent in dormitories, fuel and lights, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The last and preceding Legislatures appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men.

Military tactics and science are fully provided for and required by Congress.

Graduated from the several courses of study readily find excellent positions and liberal remunerations. The demand is largely in excess of the ability of college to supply.

Last year the matriculation list was 294.

For catalogues, method of obtaining appointments, information regarding courses of study and terms of admission, apply to

LEXINGTON, KY.

Examinations Begin Sept. 8, 1902.

Fall Term Begins Sept. 10, 1902.

The anti-Nunn leaders were not present, nobody moved a recapitulation, and the vote was announced. When the absent delegates returned the committee was exhorting the nominees to the stand.

The defeated candidates all appeared and made good humored speeches and the convention broke up in a laugh all round at the clever trick the supporters of Judge White played on the unsuspecting leaders of the opposition. Some of the leaders were given unceremoniously and fairly to appreciate the humor of the situation, but others took it good naturedly, and admitted that the proposition was won by superior generosity and good management.

The Same Old Story.

It is the same old story in experience almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by C. K. WYLY.

Hopkinsville, according to our commercial club, is to have many new industries but in the language of our worthy secretary, "the best way to get new enterprises is to patronize those we have." Hopkinsville Steam Laundry, the largest and best in the South, works regularly more hands than any enterprise we know of in the city, except Forbes & Bro, and have never asked the city for any bonus or anything of the kind that we have ever heard of, and the citizens should see to it that such enterprises prosper and at least get your patronage. Such institutions do more to advertise Hopkinsville than anything else, and if traveling salesmen save their work for Hopkinsville and scores of towns representing thousands send to such an institution why not our citizens?

Don't Wait Until Fall TO BEGIN TO BUILD.

It takes a month or more to get the plan question settled, and the best houses can not be built in a hurry. A house built in the winter is seldom satisfactory, and a fall beginning means a winter ending. Furthermore, prices on all materials are generally higher in the fall. Then too, most people wait till then to build, and work brings a higher price when there is a great deal of it. Hence you have everything to gain and nothing to lose by building in the Spring and Summer.
